## BOURBON

The most ‘American’ of spirits, not all are created equal—The mash bill for all bourbon has to be based on corn, though the remainder can vary, resulting in a wide range of styles. We have curated a selection that highlights the best of what each style has to offer.

## RYE

With the majority of the mash bill based on Rye, spicier, more full bodied and often higher in alcohol—Although it is a spirit traditionally found in Canada, interest and production in the United States is growing at a rapid pace.

Traditionally less peat character than Scotch Whisky, generally un-malted as well—The result is a sweeter, rounder, some would say, less aggressive Whisk(e)y.

## SINGLE MALT SCOTCH

There is perhaps not a spirit that speaks so clearly of where it is from—Each district has its own story to tell—We have put together a compilation covering a range of styles and producers, some familiar, some not—Though ALL exceptional. **RARE SINGLE MALT SCOTCH**—At Grill 23 & Bar we believe in sourcing the best product possible, serving it properly, and offering a unique experience to each of our guests—this scotch list is a reflection of that philosophy—we have sourced eclectic bottles, both rare and interesting in an effort to continue to exceed our guests' expectations try one of our rare vintage offerings or one of our flights to compare.

**A quick note on aging vessels**—Wood, almost as important as the origin of the spirit itself, the vessel it is aged in offers flexibility and creativity on the part of the distiller.
