## BOURBON

The most 'American' of all spirits - the mash bill for all Bourbon must be at least 51% corn, though the remainder can vary, resulting in a wide range of styles. Each of these must be aged in new charred oak barrels, resulting in a sweet caramel finish that only gets better with time. We have curated a selection that highlights the best of what each style has to offer.

## SINGLE MALT SCOTCH

There is perhaps no spirit that speaks so clearly of where it is from—Each region with its own story to tell. We have put together a compilation covering a wide range of styles and producers. Our mission is to source the greatest Scotch selection we can, offering a mix of the classics with fine and rare single malts.

**Aging vessels**—The oak vessel used during the aging process is almost as important as the origin of the spirit itself. Each type of oak offers flexibility and creativity on the part of the distiller, acting as the “salt” and “pepper” of the Scotch world.

# COGNAC & ARMAGNAC

## COGNAC

Cognac is arguably the most sought-after brandy in the world. It is created from distilling French grapes and often aging it for centuries. *Champagne* here refers to the specific region where the grapes are sourced from.

## ARMAGNAC

Generally a single distillation from an artisanal producer, Armagnac is a more individual spirit than its cousin, Cognac. Vintage Armagnac is an underappreciated category, with an artisan's best product going into their vintage spirit; top stock is held back each year to compose their highest marks.
